PROFILE

A student who builds while learning.

First-year Business Administration student at the University of Mohamed El Bachir El Ibrahimi in Bordj Bou Arreridj, Algeria. In December 2025, co-founded ECONOVO — a student club that generated 4,500 organic views in a single day and brought together 39 participants at its inaugural event. Work sits at the intersection of administrative coordination, digital communication, and AI tools. Available for remote or on-site roles in content creation, community management, and organisational support.

EXPERIENCE

Co-founder & Communication and Administration Manager

Dec 2025 — Present

Student Club ECONOVO

Université Mohamed El Bachir El Ibrahimi, BBA · Bordj Bou Arreridj, Algeria

- Planned and coordinated the club's launch event (December 2025), gathering 39 participants — managing full logistics, communication, and on-site welcome.
- Created and published visual content on Facebook and Instagram that achieved 4,500 organic views in 24 hours, with zero advertising budget.
- Designed the complete visual identity of the club: logo, brand guidelines, posters, and presentation materials using Canva and PowerPoint.
- Drafted official correspondence addressed to the University Dean to obtain the necessary administrative authorisations.
- Set up a member database via Google Forms connected to Google Sheets, enabling automated tracking of 39+ registrants.
- Coordinated with university administration for the validation and regular follow-up of club activities.
